

INSTRUCTIONS

“MEGA TRANSFORMER”

COPYRIGHT 2016 Brite Idea Productions

As with all Family Action Agents teaching videos, learning and fun are our top priorities!

You have just purchased an excellent TOOL in helping your kids learn from the Word of God! Make sure you go over the video a few times to be sure you are aware of how it is presented and to be comfortable in its presentation. In other words, you want to have a sense of command and excitement that beams out of you while this experience is happening! **(Remember a tool does not take the place of you as a leader! It is there to enhance the gifting of talents God has given to you in instructing your kids!)**

The best advice we can give is to think of yourself as a “TV game show host”! You will not just be playing a video and sitting back waiting for your kids to respond, but will be right there with them in the moment and excitement that transpires.

Before you start the video, let your audience know that they will be learning about a specific TRANSFORMER from the Bible (Their name, of course, would be determined by what product you have obtained). You will then read facts about that particular TRANSFORMER and allow them to answer your multiple choice question by shouting out the word: **CIRCLE, SQUARE or TRIANGLE**. Once the countdown is completed they will learn which answer was correct.

Another suggestion is to start by choosing 2 teams (example girls vs. boys) seated in sections according to teams. Then, tell the instructions on how to play the game. Let the kids know that you will read a question and answers. During the 7 second countdown, YOU (or a chosen HELPER) will RUN back and forth picking students from the 2 teams to give a **CIRCLE, SQUARE, or TRIANGLE** answer. Once they give an answer, they must stand up. The video will then show the correct answer. Whoever got it correct, will remain standing; whoever had it wrong ,must sit down. **(Have leadership (preferably adult) count how many students are STANDING UP on EACH team and write it down. IF YOU HAVE A LARGE AUDIENCE OF STUDENTS, IT IS WISE TO HAVE EACH TEAM COUNTED BY A DIFFERENT LEADERSHIP PERSON. A suggestion is to assign each correct answer 1000 points. Remember, no one will know how many points each side has until the end of the game.**

Remember to **KNOCK IT OUT OF THE BALL PARK** with this video game and your kids will be telling everyone about the experience as well as asking you when can they play again!
